

WHAT IS IT:

It's March Madness but the Little Blooms style. See how your favorite blooms size up with the others as we vote to determine which bloom wins it all and determine your chance at winning \$50!

HOW DO I PLAY:

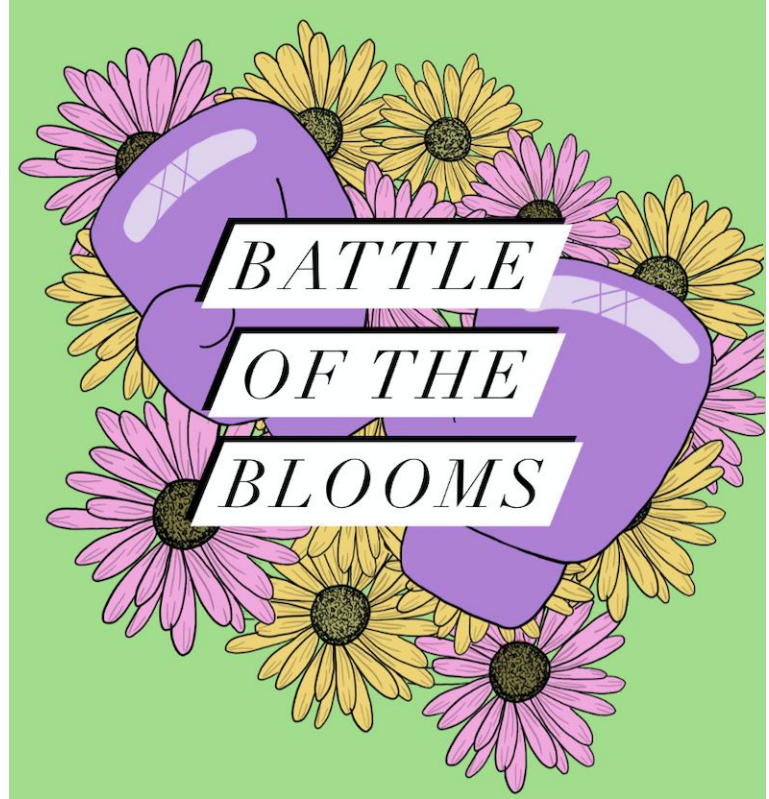

Download a bracket at www.littlebloomsfloral.com and complete it. Send back via email by 3/13/2023. Email: littlebloomsfloral@gmail.com

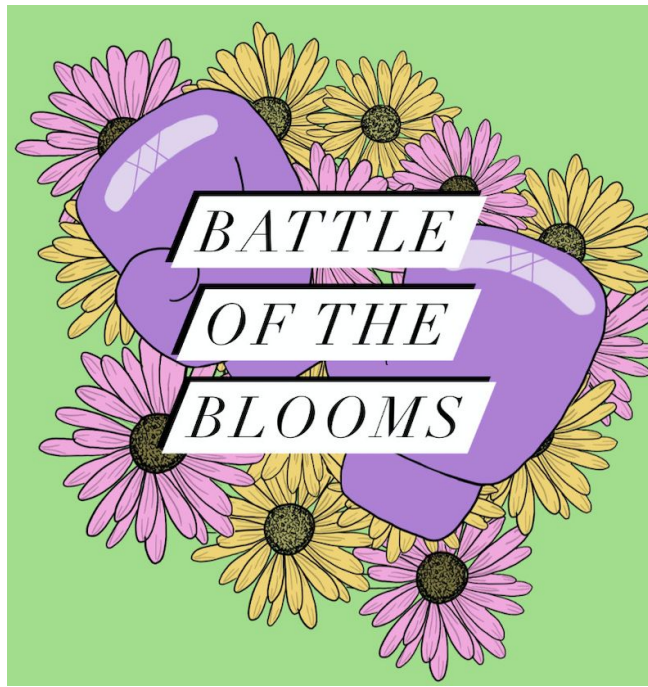

HOW IS THE BATTLE DETERMINED:

Voting will take place via Instagram voting on designated days. You do not have to have a bracket to vote. Each battle will be posted in an instagram story with a voting poll. Followers will have 24 hours to cast a vote. Once voting commences, a winner for that battle will move to the next round. All voting will take place through the instagram account @littlebloomsfloral

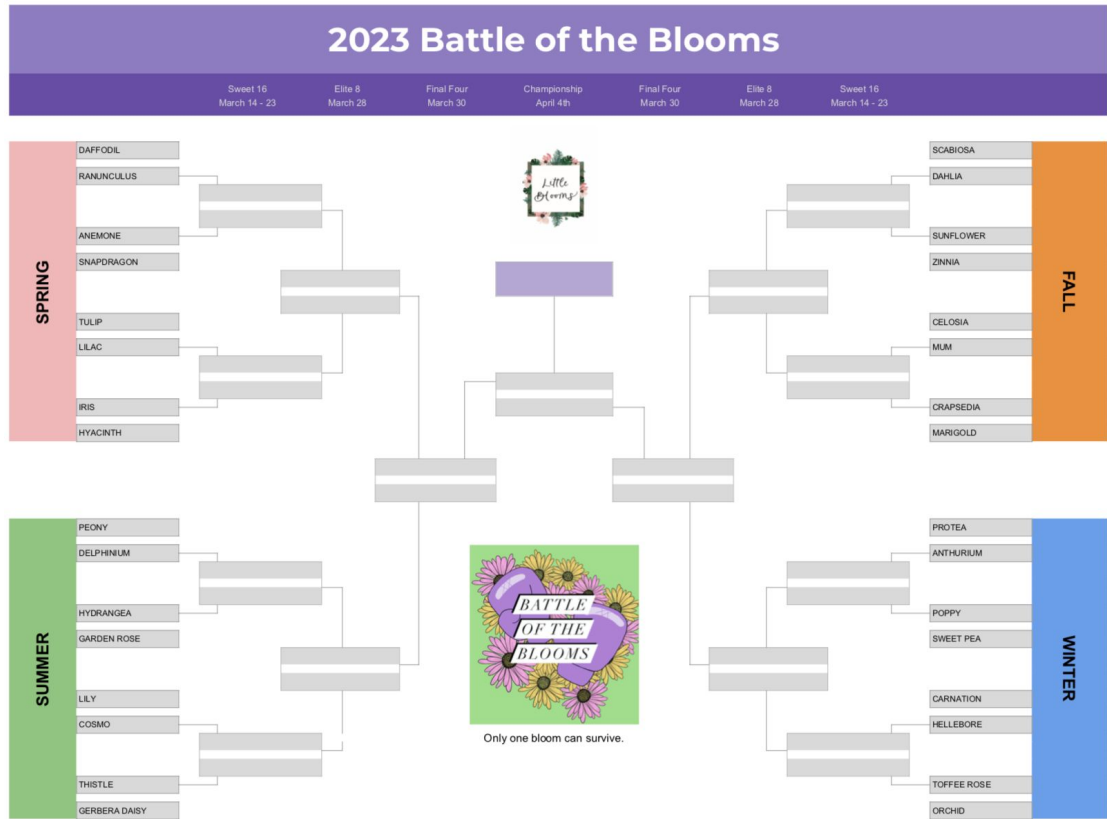

HOW DO I WIN:

Each correct Bloom you pick in your bracket gains you 2 points. Whoever gets the most points in the end wins. Winner will be determined and announced by Little Blooms on 4/5/2023 and will follow up with winners afterwards to receive prize. Only one person can win. If there is more than one person with the highest points then there will be a tiebreaker. Only ONE bracket can be submitted by each person.

Download and complete your bracket for a chance to win \$50!
 Submit your bracket via email by Monday 3/13/23 to be eligible.
